WORK EXPERIENCE:

Enjay IT Solutions Ltd. | Web Developer Intern
January 2024 – April 2024
Bhilad, Gujarat
- Ambitious and innovative Web Developer with practical experience gained through a hands-on internship at Enjay IT Solutions Ltd.
- Spearheaded the creation of a fully functional Campus Recruitment System, utilizing technologies like HTML, CSS, Bootstrap, PHP, JavaScript, and MySQL.
- Known for delivering high-quality, responsive designs and solving complex technical challenges.
- Passionate about crafting exceptional user experiences and eager to bring fresh ideas and expertise to a dynamic development team.

PROJECT:

Campus Recruitment System | HTML, CSS, Bootstrap, PHP, JavaScript, MySQL
Completed: January 2024 – April 2024
- Created an innovative Campus Recruitment System that modernizes how universities manage job postings and student recruitment.
- Developed a user-friendly platform that enables administrators to seamlessly add job listings, select students, and schedule interviews from a single interface.
- Utilized HTML, CSS, Bootstrap, PHP, JavaScript, and MySQL to build the system.
- Simplified and enhanced the recruitment process, making it more efficient and effective for both universities and students.

Tic Tac Toe Game | HTML, CSS, JavaScript
Completed: [15 DAYS]
- Developed an engaging Tic Tac Toe game within 15 days using HTML, CSS, and JavaScript.
- Created a clean, responsive design that offers a classic game experience in a web browser.
- Implemented key features such as a user-friendly interface, dynamic game board, and a modal that displays the winner.
- Added functionality for players to reset the game and start a new game after winning.
- This project highlights my skills in front-end development and creating interactive web applications.
